

Spengler SL 200

Spengler SL 200 is a table top machine of the best quality and highest technological standards - with LCD-display and touch-screen keyboard (!) All Spengler machines are completely developed and produced in Germany.

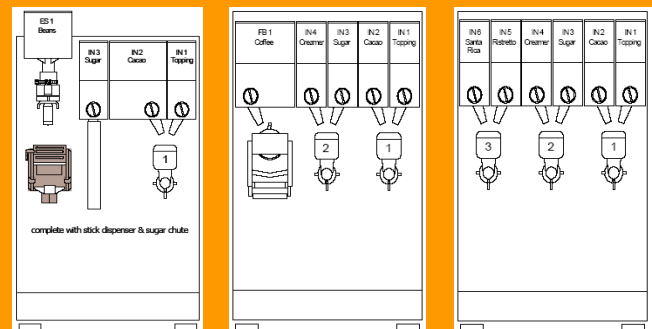

SL 200 is available as whole bean (ES), fresh brew (FB) and instant (IN) model.

The original Spengler grinder and espresso module make the finest coffee or fresh leaf tea (version 200 FB contains fresh brew module).

Instant version (IN) has 6 containers for different instant products.

Version ES contains 1 container for coffee beans and 3 containers for instant products. FB - 1 fresh brew container and 4 containers for instant products. This machine is a perfect choice for small cafes, shops or petrol stations.

Spengler SL 200 inside: Version ES, FB and IN
